## React JS Developer

Bangalore | (+91) 9159425843 | bibincs97@gmail.com | [www.linkedin.com/in/bibincs](https://www.linkedin.com/in/bibincs)

---

### Professional Summary

Innovative software engineer with 2 years of experience in front-end development, agile methodology, and software testing. Proficient in multiple programming languages and development tools, with a track record of designing and implementing scalable, efficient, and maintainable software solutions. Continuously enhancing skills by staying updated with emerging technologies and collaborating with cross-functional teams to deliver high-impact, user-focused products.

### Work Experience

Test Yantra Software Solutions Pvt LTD | Bangalore | December 2021 – November 2023

### Project Details

#### HRMS | DIGITOONS | JUNE 2022 – NOVEMBER 2023

- Streamlined HR operations by implementing an integrated system for payroll, recruitment, and employee engagement initiatives.
- Improved attendance tracking accuracy, leading to a 20% increase in data reliability across departments.
- Designed an intuitive user interface using Material UI (MUI) to enhance user engagement and usability.
- Developed a subscription management system that increased customer retention by 25% and boosted annual revenue by 30%.
- Integrated RESTful APIs to reduce response times by 50%, improving user satisfaction by 30%.
- Built responsive web and mobile applications using React Native, ensuring seamless compatibility across devices.
- Established a troubleshooting framework in GitLab, improving code review efficiency by 30%, reducing downtime during project integration.

#### FLASH CONVERSION | HURIX DIGITAL | DECEMBER 2021 – MAY 2022

- Converted Flash-based packages into responsive designs compatible with desktops, laptops, and tablets.
- Leveraged HTML5 to support multimedia content, improving performance and security.
- Designed user interfaces using Bootstrap 4, ensuring accessibility compliance for a broader user base.
- Resolved 30+ critical bugs via Bitbucket, enhancing system stability and addressing major crash causes.
- Ensured responsive and accessible design for all platforms, contributing to improved usability and performance.

## Education

**MERN STACK CERTIFICATION | JSPIDERS, BANGALORE | APRIL 2021 – AUGUST 2021**

**B.E IN MECHANICAL ENGINEERING | INFO INSTITUTE OF ENGINEERING, COIMBATORE, TN (2018) | CGPA – 67%**

**HSC (STATE BOARD) | AMABALAMOOLA, TN (2014) | PERCENTAGE – 75.33%**

**SSLC (STATE BOARD) | AMABALAVAYAL, TN (2012) | PERCENTAGE – 78.60%**

## Technical Skills

- **Languages** - HTML/HTML 5, CSS/CSS 3, JavaScript, ECMAScript6,
- **Frontend Frameworks** - React JS,
- **Mobile Development** – React Native,
- **State Management/Querying** - Redux, Redux Toolkit, React Query,
- **CSS Frameworks** - Bootstrap 4, CSS Modules, Styled Components, Tailwind CSS, Material UI,
- **Version Control** - Git (GitHub, GitLab), Bitbucket
- **Debugging Tools** – Chrome DevTools, Redux DevTools, React Query DevTools,
- **Build Tools** – npm, Babel, Webpack,
- **Other Tools** - Visual Studio Code, Postman
