

Bibin C S

React JS Developer

Bangalore | (+91) 9159425843 | bibincs97@gmail.com | www.linkedin.com/in/bibincs

Professional Summary

Front-end developer with 2.8 years of hands-on experience in building responsive and accessible web applications using React JS, Next.js, and TypeScript. Skilled in agile methodologies, API integration, and performance optimization. Proven ability to collaborate cross-functionally, deliver user-centric solutions, and continuously adopt emerging technologies to create scalable and maintainable products.

Work Experience

Front-end Developer

TechForing | Remote

April 2025 – November 2025

Tenant Management Dashboard

- Built a dashboard UI using Next.js, Tailwind CSS, and TypeScript, improving code readability, maintainability, and ensuring robust type safety through type checking.
- Implemented user authentication flow with form validation, enhancing user experience and accessibility.
- Improved page load speed by optimizing API data fetching and response handling.
- Collaborated with backend developers to integrate authentication and client data services.
- Used Toastify to enhance feedback throughout the user journey.
- Added debounce functionality to enhance search performance and reduce unnecessary API calls.
- Implemented prompt-based suggestions to improve the user experience during search interactions.
- Added a floating live-chat menu to improve in-app engagement; the latest message now opens in a compact, dedicated component for quick access without interrupting workflow.

Front-end Developer

Test Yantra Software Solutions Pvt LTD | Bangalore

December 2021 – November 2023

Hrms – Digits

- Streamlined HR operations by implementing an integrated system for payroll, recruitment, and employee engagement initiatives.
- Improved attendance tracking accuracy, leading to a 20% increase in data reliability across departments.
- Designed an intuitive user interface using Material UI (MUI) to enhance user engagement and usability.
- Developed a subscription management system that increased customer retention by 25% and boosted annual revenue by 30%.

- Integrated RESTful APIs to reduce response times by 50%, improving user satisfaction by 30%.
- Built responsive web and mobile applications using React Native, ensuring seamless compatibility across devices.
- Established a troubleshooting framework in GitLab, improving code review efficiency by 30%, reducing downtime during project integration.

Flash Conversion – Hurix Digital

- Converted Flash-based packages into responsive designs compatible with desktops, laptops, and tablets.
- Leveraged HTML5 to support multimedia content, improving performance and security.
- Designed user interfaces using Bootstrap 4, ensuring accessibility compliance for a broader user base.
- Resolved 30+ critical bugs via Bitbucket, enhancing system stability and addressing major crash causes.
- Ensured responsive and accessible design for all platforms, contributing to improved usability and performance.

Education

MERN Stack Certification - JSpiders, Bangalore | Apr 2021 – Aug 2021

B.E in Mechanical Engineering - Info Institute of Engineering, Coimbatore | 2018 | CGPA: 6.7

HSC (State Board) - Amabalamoola, TN | 2014 | Percentage: 75.33%

SSLC (State Board) – Amabalavayal, TN | 2012 | Percentage: 78.60%

Technical Skills

- **Languages** - HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Frameworks/Libraries** - React.js, Next.js, React Native,
- **State Management/Querying** - Redux, Redux Toolkit, React Query
- **Styling** - Tailwind CSS, Shadcn UI, Material UI, Styled Components, CSS Modules,
- **Version Control** - Git (GitHub, GitLab), Bitbucket
- **Notification** - React Toastify
- **Debugging Tools** – Postman, Chrome DevTools, Redux DevTools, React Query DevTools, Visual Studio Code
- **Build Tools** – npm, Babel, Webpack
